FEDERAL RENTS HERE TERRY OPPOSES US SECY. TAFT'S PLANS

(Mail Special to the Advertiser.)

WASHINGTON, D. C., April 22.—Attorney General Moody is making a game fight against allowing the Territory of Hawaii any compensation for the use of rooms for the federal courts in Honolulu. He has delivered a second opinion, holding that the Territory can not reasonably be paid anything for rental on that account. Secretary Shaw has acceded, as far as the use of offices for his Department is concerned. His attitude is very satisfactory to the Interior Department, whose officials approved Governor Carter's recommendations in that regard.

It was stated at the Interior Department today that it had exhausted its efforts towards carrying out the Governor's recommendations. The Department of justice is a co-ordinate division of the executive branch and the Interior officials have no power to enforce their recommendations over the head of the Attorney General. There has been some discussion here as to whether it might not be a wise move to institute proceedings for collection of the rental, whatever may be estimated to be due, before the United States court. It is thought the matter could, at least, be impressed upon the attention of the Department of Justice by some such proceeding.

SECRETARY TAFT'S PLANS.

Secretary Taft stated to me today that he intended to land at Honolulu both going to and coming from the Philippines. "I have written to Gov. Carter whom I knew at Yale," said

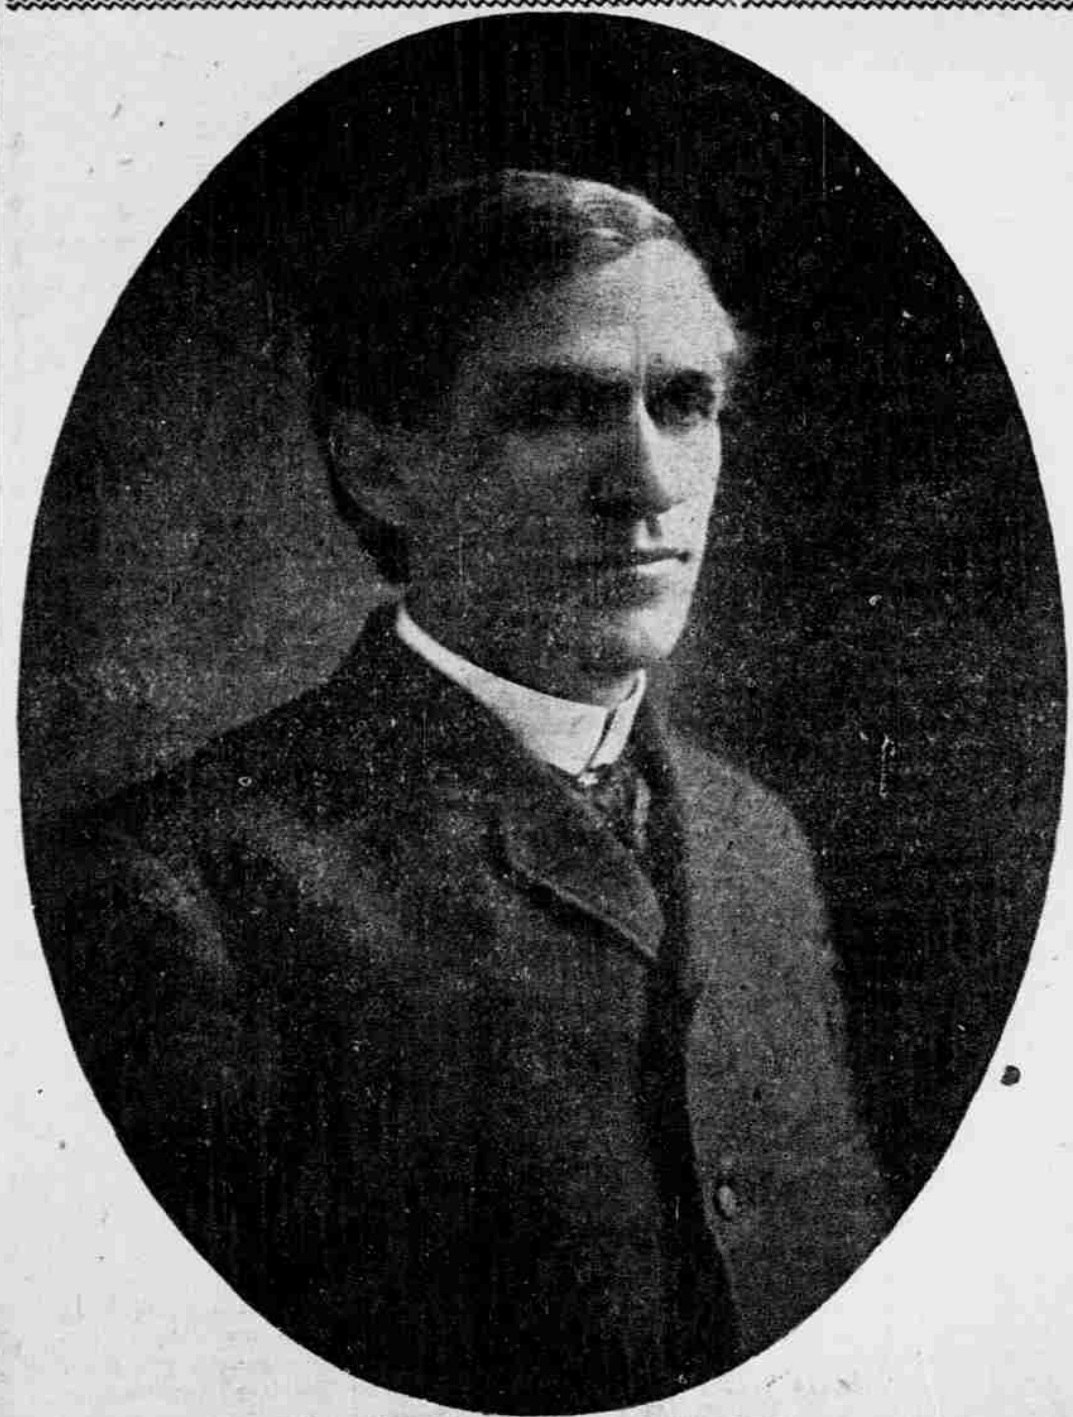

the Secretary, "thanking him for his invitation to our party but I told him that he must not let us swarm down upon the city like a flock of locusts and eat up everything they have. I shall be much pleased to see Honolulu again. It is a beautiful spot and it affords a very pleasant respite there from the ocean voyage across the Pacific. We shall stay, however, only the ordinary stop of the steamer at that port. I have no program to follow during our visit there. There will be between fifty and sixty in our party, the names having already been published."

The Secretary is much overworked in the absence of President Roosevelt as a vast deal of business centers daily in his office. He is becoming wearied and will be glad when a part of the burden is taken off his shoulders. A magnificent photograph of Diamond Head and Waikiki beach has been received at the Interior Department. It will be hung in the office of the Miscellaneous and Patent division of the Department.

Admiral and Mrs. Silas Terry, the former commandant of the Honolulu Navy Yard till his retirement last February, have arrived here and are guests at the New Willard Hotel. They expect to make this city their home and are looking around for a place to locate. They own a residence at Annapolis, which they have had some idea of occupying, but as it is rented they are inclined to favor settling down in Washington, where many of their friends are.

EVANGELIST OSTROM OPENS THE REVIVAL

DR. OSTROM, THE REVIVALIST.

The opening gun of the revival was fired in Central Union Church last night and unrelenting war will be waged against Satan and his host until victory is won. That was the ultimatum laid down by Dr. Henry Ostrom last night. "I came here to die—or win the fight," said the evangelist at a workers' meeting held after service last night, "and before I landed I almost made up my mind to camp here until we got victory. I don't believe that it will be necessary for me to die or to camp here very long, for with prayer and effort we can win."

The opening service of the campaign was a most auspicious one. The church was well-filled and the service was such that there is no doubt that the church will be packed to the doors tonight. Dr. Ostrom is a magnetic speaker, and goes to the point. His address was full of apt illustrations and telling stories and the interest of the audience was held to the end. Mr. Hillis is a master at leading the singing. He has a magnetic voice and stirs his audience to a high pitch of enthusiasm. His work in leading the picked chorus of forty voices was fine. The singing, and especially the congregational singing will be a feature of the services.

Mr. Fred Butler, soloist, is a man of wide reputation, having traveled around the world in opera. His solos last night were magnificent and thrilled the listeners. It is seldom that a singer of his ability is heard here.

It was announced last night that there will be no afternoon meetings this week. Tonight there will be a grand union gospel service at Central Union Church, at which Dr. Ostrom will speak. Mr. Hillis and Mr. Butler will sing, while the big chorus will assist in the hymns. A big shipment of new gospel song books has been received and they will be used especially for this revival. An invitation is extended to everyone in the city to be present at this and all the meetings. This noon the executive committee will meet at the Y. M. C. A. A lunch will precede the meeting, at which Dr. Ostrom will be the guest of honor.

EPISCOPAL WOMEN MAY BALLOT FOR THEIR VESTRYMEN

The Episcopal convocation reversed itself last night, by reconsidering its former action on the right of women in the church to vote. Last evening the convocation adopted a new section to the canon amended, whereby women are allowed to vote for vestrymen, but are not permitted to be vestrymen or lay delegates to the convocation. The new resolution was offered by Rev. Kong Yin Tet.

The entire body of amendments presented by the Committee on Legislation were finally adopted, excepting three or four affecting the property interests of parishes and of the dean and chapter of St. Andrew's, which were reserved for consideration by the next convocation. A number of corrections in the constitution, canons and by-laws, prepared by Henry E. Highton, were unanimously accepted and the Bishop thanked Mr. Highton for his labors.

The Educational Committee appointed by the Bishop on Monday evening was elected by the convocation. The ecclesiastical court was nominated by the Bishop and elected as follows:

Rev. Mr. Stewart, one year; Canon Ault, two years; Rev. John Osborne, three years; Chancellor Stanley, three years; R. B. Anderson, two years; S. H. Derby, one year.

The Bishop spoke of the general convention to be held at Richmond in 1907, during the tercentenary celebration of the founding of Jamestown, a date of especial interest to the Episcopal Church. In 1907 a special thank offering is to be raised and the Bishop urged that a committee be formed to look after the matter in Hawaii. The Bishop stated that he raised last year for the church in Hawaii \$29,575. The Board of Directors was elected as follows: The Bishop, Rev. John Osborne, Canon Ault, George F. Davies, Henry Smith, James Wakefield, H. M. von Holt, Luke Aseu.

The convocation was then brought to a close.
